Change perspective and try something new by hosting your organisation's meetings or conference in our fully-equipped meeting and conference venues which include catering and safe parking or shuttle services.

## masiXperiences

masiXperiences and the uhambo walk are designed to offer visitors a realistic view of South Africa, highlighting aspects of society that are often hidden yet essential to understanding the country's true essence. These experiences move beyond the usual stories of poverty and hardship, instead celebrating the inspiring success stories of local heroes—narrated by the people themselves as they engage with you in these immersive experiences.

As social enterprises, all proceeds are reinvested to continuously provide free educational support to hundreds of children and youth.
